Versatile DK Decking
Bespoke Profiles
Range of Timbers

The DK Decking range is a new and comprehensive selection of profiles that offers a warm and natural solution to any decking project. From a personal garden patio to a public pontoon, which needs to withstand the riggers of heavy footfall and the onslaught of the sea, we have a profile to suit. If however you require a specific design, we also offer a BESPOKE machining service enabling us to produce your specific design. Our highly experienced staff are happy to advise on the decking solution that best suits your needs. Through our extensive in-house machining facilities we are also able to furnish you with bearers and balustrades to compliment the decking. A wide range of species are available.
